

Unit 6 Module 1 | Session 4 1 copy for display

NAME _____

DATE _____

Tangram Directions page 2 of 2

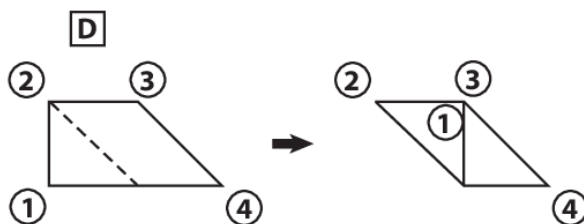

- 5** Cut the trapezoid in half along the vertical crease to form 2 congruent trapezoids, C and D.

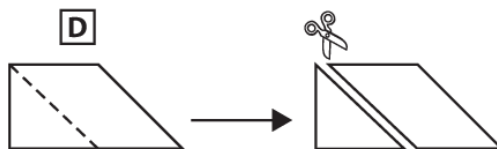

- 6** Take part C and fold it to form a crease as shown below. Then cut part C into a right triangle and a square. Set these 2 parts aside.

- 7** Take part D and fold corner 1 up to meet corner 3 as shown. Caution: This is not the same fold that was made in step 6.

- 8** Unfold and cut along the crease to create a right triangle and a parallelogram.

- 9** You should have the following 7 pieces in your collection. Label them with letters as shown below.
